

@SkyOceanRescue	#PassOnPlastic
-----------------	----------------

@The_TTrust

On Wednesday 3rd April 2019 –

We are delighted to bring to 60 Year 8 and 9 students the Sky Ocean Rescue #PassOnPlastic Challenge.

The Sky Ocean Rescue challenge is a nation-wide competition taking place across Scotland, the North, the Midlands, and Southern regions. It is an inspiring challenge for the students to create a unique idea for reducing the consumption of single use plastics.

Selected campaigns from the day that students create will be entered into the national competition - Sky Ocean Rescue Challenge. The entries will be in with a chance of winning a day trip to the Sky Academy Studios to work with media specialists to enhance the student's campaigns.
