Dear Parent/Carer

I understand there has been some comments regarding the new fence we have put up at the front of school. I am sorry if this caused any alarm. The gate was erected as an additional layer of safeguarding. I felt that the front of the building was a little exposed and I take the role of safeguarding your children while they are in my care very seriously. Sadly, it is a sign of the times that we have to even consider these measures. The gate also ensures we can use the front doors safely to evacuate in cases of emergency and congregate at the designated meeting space.

Please be patient with us while we work through any initial problems in terms of the logistics of these gates and please do let us know of any issues you encounter so that we can do our best to resolve them.

Many thanks for your support.

Yours faithfully
