

10.06.2020

Dear Parents, Carers and children,

As you know we are following the latest government announcements and we are in the process of opening up to have more children in school. However, while we are gradually increasing the numbers of children in school we are also working hard on improving the direct support we can offer to the children who remain at home.

To support with home learning we have created a new, year group specific, page on our school website <https://www.serbyparkacademy.org.uk/covid-19-classroom-work> (click on the parent tab and then select the year group on the left).

Each week, teachers will upload a menu of activities for the children to select from and the supporting worksheets.

We are also in the process of creating year group specific email addresses so the children can easily share examples or photographs of their work with their teachers. The email addresses will be shared with you as soon as they are live. In the meantime please share any work you have through the school office on info@serbyparkacademy.org.uk with the year group and teacher name as the email subject.

I would like to thank you for continued support during this challenging time and if you have any concerns please contact the school office via phone or email.

Yours sincerely

Miss P Robinson
Associate Executive Principal
